Office of Communicable Disease Epidemiology News

Dear Colleagues,

On April 1, 2025, Snohomish County Health Department confirmed a new case of measles, most likely associated with international travel. This is the third case of measles in Washington this year. This case is not linked to the two previous cases identified in late February and March. Please find a joint media release issued by Snohomish County Health Department and Public Health – Seattle and King County [linked here](#).

The public exposure locations listed below have been identified. Secondary cases would be expected to occur between 4/03/2025 and 4/21/2025.

Date	Time	Location
3/27/2025	10:45 am – 2:00 pm	Seattle-Tacoma International Airport: <ul style="list-style-type: none">• S Concourse (Gate S12) Customs to International Arrivals Facility• Baggage Claim (Carousel 20)• Exited the airport out of Gina Marie Arrivals Hall (south end of the main terminal on the lower level)
